

SUPPORT MANZANOARTE FOUNDATION

We need to build a structure and buy material for the social circus school:

- **We have a land with dirt floor approximately 20m long x 10m wide.**
- **We need to build a smooth platform floor suitable for the stage and training.**
- **We need to build an autonomous structure that will serve to install the aerial equipment. It will be an 8m high iron structure to hang silks, trapezes, ropes.**
- **We need to build a roof that protects from the sun and rain.**
- **We also need some circus equipment for the optimal development of the performing arts.**

SUPPORT MANZANOARTE FOUNDATION

our space with dirt floor with approximately 20 m x 10 m

COST \$ 200

Flight ticket for one technician/ rigger specializing in the construction of circus structures:

COST \$ 1.500

NOTE: In Venezuela we don't have the qualified personnel for the construction of this type of structure and we need to bring an international specialist from Europe

Baptiste Pinaud (France)

Previous construction time: 3 months

SUPPORT MANZANOARTE FOUNDATION

We will have many volunteers so that we work as quickly as possible and we will provide them food and accommodation.

We accept donations of gymnastic, circus, theater equipment (used or new)

We teach approximately 30 children who need:

- Healthy diet, medicines, first aid equipment, vitamins, medical insurance, costumes, clothing and sports shoes.
- We are open to receive support from cultural institutions or private companies that want to support our Foundation and we will deliver a report of the resources that they provide us.

TOTAL COST \$ 31.200
